DBMS
Assignment-3

1. Consider the insurance database of Figure1 below, where the primary keys are underlined. Construct the following SQL queries for this relational database.

   person (*driver-id*, *name*, *address*)
   car (*license*, *model*, *year*)
   accident (*report-number*, *date*, *location*)
   owns (*driver-id*, *license*)
   participated (*driver-id*, *car*, *report-number*, *damage-amount*)

   fig1: Insurance database

   a. Find the total number of people who owned cars that were involved in accidents in 2020.
   b. Find the number of accidents in which the cars belonging to "Black Smith" were involved.
   c. Delete the **Range Rover** belonging to "Black Smith".
   d. Update the damage amount for the car with license number "AABB2001" in the accident with report number "BR3197" to $4000.

2. Consider the employee database of Figure 2, where the primary keys are underlined. Give an expression in SQL for each of the following queries.

   employee (*employee-name*, *street*, *city*)
   works (*employee-name*, *company-name*, *salary*)
   company (*company-name*, *city*)
   manages (*employee-name*, *manager-name*)

   Figure 2. Employee database.

   a. Find the names of all employees who work for First Bank Corporation.
   b. Find the names and cities of residence of all employees who work for First Bank Corporation.
   c. Find the names, street addresses, and cities of residence of all employees who work for First Bank Corporation and earn more than $10,000.
   d. Find all employees in the database who live in the same cities as the companies for which they work.
   e. Find all employees in the database who live in the same cities and on the same streets as do their managers.
   f. Find all employees in the database who do not work for First Bank Corporation.
   g. Find all employees in the database who earn more than each employee of Small Bank Corporation.
   h. Find the company that has the smallest payroll.
   i. Find those companies whose employees earn a higher salary, on average, than the average salary at First Bank Corporation.
   j. Modify the database so that Jones now lives in Newtown.
   k. Give all employees of First Bank Corporation a 10 percent raise.
   l. Give all managers of First Bank Corporation a 10 percent raise.
   m. Delete all tuples in the *works* relation for employees of Small Bank Corporation.
